IT IS REQUIRED TO KEEP (OR TAKE) A CHILD HOME WHEN THE CHILD:

- Is suffering from one or more of the above symptoms
- Is not well enough to take part in the activities at Ms. Jessica's

ULTIMATELY THE CARE OF THE CHILD IS THE PARENT'S RESPONSIBILITY

Parents will inform Ms. Jessica within 24 hours of a diagnosis of a serious illness or contagious disease of a communicable nature in the family. This is to protect her family and the other families who attend. Failure to do so is grounds for immediate termination of care.

Parents agree that a child will be symptom free, without the aid of symptom reducing medications such as Tylenol, for a full 24 hours prior to returning to Ms. Jessica's. Ms. Jessica reserves the right to ask for a note from your family doctor, depending on the illness/disease.

MEDICATIONS:

Prescription medications will only be given to a child in care with the following conditions:

- Parent gives written permission to Ms. Jessica, with full instructions as to dosage, and times to administer medication. (a form will be available for this purpose)
- All prescribed medications must have the child's name on the prescription bottle.

□ CARE OF A SICK CHILD AND NOTIFICATION OF PARENTS

When a child becomes ill, Ms. Jessica will make the child comfortable in a quiet place where he/she can rest.

Parents will be notified immediately and agree to begin to making alternate work arrangements or arrangements for alternate care. If your child is seriously ill, you or an alternate must come for the child IMMEDIATELY.

If Ms. Jessica cannot reach a parent, she will call an emergency contact listed on the registration form or the child's doctor may be contacted depending on the seriousness of the illness.
